

# What's Cooking?

April 2020

## Language Learning through Culture and Cooking (LLCC)

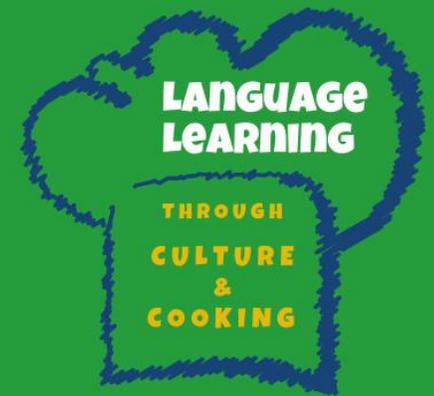

*A multi-national educational project!*

December 2019 saw the project launch and Kick off meeting in the UK at the head office of Community Action Dacorum. This 2-year project brings together partners from the UK, Austria, Greece, Lithuania, Romania and Spain to share their knowledge and expertise to create innovative training products, which will combine the topics of language learning, cookery and inter-cultural dialogue.

This project aims to make a significant contribution to the development and delivery of curriculum and learning materials to support language learning, cultural understanding and cookery to migrants and those new to an area or country. With an emphasis on healthy eating through traditional recipes and locally sourced food, this educational resource will provide the trainer with the tools to deliver training which will ultimately aid language learning. It will be fun and innovative and have the added bonus of improving the social and cultural impact on the learners.

**“everyone has the right to quality and inclusive education, training and lifelong learning in order to maintain and acquire skills that allow full participation in society and successful transitions in the labour market”**

The European Pillar of Social Rights (2017)

## Corona Virus

### *Difficult times*

Unprecedented times face us as we write this newsletter, many of us working from home and trying to manage the work/life balance. Who takes priority with the bandwidth? Who gets access to the laptop first? The children with their home schooling or your very important work meeting? Or like some individuals who are not able to work, wondering how to fill the hours in the day.

Whatever happens we will get through this and it is essential that we continue to provide excellent opportunities for all to learn, be active and be social.

# What is it all about?

## *The Aims of the project are:*

- To develop new **training materials** for intercultural awareness, language learning through the medium of cookery
- To develop **a manual** on delivery techniques, sharing best practice and lesson plans
- To develop **a manual** with team building and integration exercises for adult learning providers and organisations
- To test drive and improve the materials through a **pilot training course**
- To develop and publish a **Technique Handbook** on healthy eating using traditional local food and raising cultural awareness
- To create **Online Resource Toolbox** of Lessons, Materials, Guidance and Handbooks

## Project Consortium

Co-funded by the  
Erasmus+ Programme  
of the European Union
