ASSESSMENT

OVERVIEW OF THE PROJECT

The project focuses on three key areas:

1. Respond to the urgent need for trainer/coaching opportunities in the area of digital skills.
 - Raising awareness of the need to reflect on the advantages of digital pedagogy in classes
 - Promoting the widespread use of the digital competence framework (DigCompEdu)
2. Support the professional development of trainers and educators to expand and develop their digital skills for teaching.
 - Assessing educators digital competencies within their teaching and learning delivery and practice
 - Highlighting gaps in educators' digital competencies in their teaching practice.
3. Improve the quality of future learning opportunities (with special regards to language teachings for migrants).
 - Utilize innovative digital training in language classes
